Recalling her career she notes, "At the time I was in the Women's Medical Specialist Corps (WMSC) there were maybe 33 dietitians. On several occasions I was sent to represent the WMSC at conventions- more or less a recruiting program. It was a pleasant diversion. It was my pleasure to work with Major Mary Lou Yancey and Captain Kathleen Creek and Captain Virginia Bounds. I was stationed at Sheppard AFB, TX from 1951 to 1955." - *From 50 Years of Air Force Dietetics*
